

## Beverly June Wiman

February 10, 1929 - November 4, 2021

Beverly Wiman

February 10, 1929 - November 4, 2021

Modesto, California - Beverly June was born February 10, 1929, in Oakland, California, to Chester and Geraldine Barham. The family relocated to Bakersfield, where she was raised and her only sibling, Chez, was born. They moved to Turlock when Mom was a freshman in high school, where she made many lifelong friends, including our dad, Lloyd Wiman. He was definitely the love of her life and his family became hers also. In fact, she made the best Swedish meatballs that we thought she was Swedish too.

College life was not in the cards for Mom, however, she knew so much about so many different things. She refinished furniture, upholstered furniture, sewed, crocheted, painted, gardened and could even rewire a lamp, just to name a few of her accomplishments. And boy, could she pack a car! She did all this while raising two daughters and keeping an immaculate home and yard. She worked alongside Dad to design and coordinate the houses he built. They made a formidable team. They worked together and played together entertaining at the cabin or in their backyard with friends and family, until Dad's death in 1999. Mom enjoyed playing bridge with her friends for over 50 years. At 90, she was the designated driver.

But Gramsie's legacy will be remembered for the deep love she had for her family and friends. She adored her grandchildren Joe and Stephanie, Sally and Mark, Mikaela, Jessica, Christopher, and their families in Sweden. She cherished her great-grandchildren Ella, Erik, Corsica, Sienna, and one on the way. Mom is also survived by her loving sister, Chez, and numerous nieces and nephews who she cared for immensely. And of course she will be profoundly missed by Deni, Shirleen, Mike and her precious cats, Dots and Boots. Nothing made Gramsie happier than to see her family happy.

We are grateful for Mom's wonderful Durant Street neighbors who have given her so much love and support these past few years. They were her angels and we can't thank them enough. We want to extend our gratitude to Community Hospice for the care of Mom leading up to her passing on November 4, 2021. They helped guide us through a difficult time.

A family gathering was held on November 16, 2021, at the graveside of our mom and dad, at Turlock Memorial Park. Mom was a beautiful person inside and out. We are fortunate to have amazing memories that will live on. So sing, dance, laugh, plant flowers and love your family fiercely in remembrance of Mom. We find joy that Mom and Dad are reunited and again dancing to, "It Had to Be You".

Donations in Bev's memory may be made to Community Hospice, 4368 Spyres Way, Modesto, CA 95360, or to Imagination Library, PO Box 770, Oakdale, CA 95361.
