“ I worked for Chuck at Sanders Oldsmobile Cadillac,he was the person responsible for my career in the Dealerships. He was a great guy , a rare breed, and after years in the field, I've learned just how much he taught me.

I sure wish I could be working with him and our crew at Sanders Cadillac .

Doug Freutol, Stan McConnell , Gary Owens and myself. We were a great team. Over the years, I haven't found any team better.

Looking a retirement soon myself , I owe Mr Cline my career. He took a chance on me and hired me to learn, I went to every class he sent me to and respected his direction, and it has brought me years of success. I enjoyed camping with him and The Horsemans Club, he was always so genuine . I will always be grateful to him and my colleagues at Sanders Cadillac. It is a treasured memory that I am honored to hold.

Sincerely ,
Chuck Kelley
