“ I am sorry to lose a dear cousin, and I still have warm memories of the day long ago when she, with her family, first arrived in Turlock, joining a host of their relatives. I also well remember the many times my family and hers were together, on holidays or otherwise, relishing their special bond. Charmaine, we miss you your cheerful smile.

“ I just saw her name listed in the RESCO newsletter for county retirees. I didn't know she has passed away. We were in high school together and then would see her at the Sheriffs office/courthouse. What a beautiful person and so sweet. I am so so sorry for your loss.
