“ *In memory of my very special and unique daughter, Christina. I will miss every day for the remainder of my days. A very large hole in my heart now exists and there is nothing that could ever fill it. Until we are together again both in body and spirit I love you my Christina*

“ *Hello Lori,  
I have not known what to say or think about the enormous loss of Christina.  
I remember her as a little girl, and how much she loved to play with umbrellas.  
I will never forget her.*
