“ *Everyone is telling stories about Danny. One of my childhood memories was when Danny took Uncle Garnets Cushman scooter for a ride. He knew he wasn't suppose to but that was Dan. They lived at the top of the steepest driveway I have ever seen. Well Dan took the Cushman and zoomed down the drive out of control and crashed through Clems fence. He busted himself up pretty good and was in a body cast from head to toe. Unc built him a rolling platform so he could move around. And I remember pushing him around and crashing into things. He couldn't move so we could do pretty much what we wanted.*

Ok, I'm not crazy! I remember Danny coming to Thanksgiving at grandma's in a body car on some sort of skateboard. He was ALWAYS entertaining. And never phased by challenges. Rock On Cuz!!
