“ Danny, as much as my heart hurts to know you’re gone and I won’t get the chance to see your beautiful smile or hear your laugh at work it brings me comfort and peace to know that you’ll always be watching over me, your family, friends and loved ones. I’ll have countless memories and conversations to look back and think of. I miss you so much. I’m glad you finally got to try the chamoy I raved so much about. That makes my heart happy. I hope you’re having endless modelo’s with chamoy up there. I’ll see you soon Danny, I love you!
