“ *I wanted to share condolences to the Daniel family members. You all hold a special place in my heart. As you must know, your father/husband touched many lives. For many years he was valued as a wonderful, caring, physician and friend. He was one of the most generous people that I have ever met. I had the pleasure of working with him for 8 years following his kidney surgery and there was never a dull moment. He was a great teacher and never too proud to continue to experiment and learn. He always wanted to find the true diagnosis with his patients and get to the bottom of the problem/illness. He was a patient advocate regardless of what the insurance companies or hospitals dictated. I enjoyed the years we spent working together as well as having the pleasure of knowing all of you - his family members. It's comforting to know that he knew the Lord Jesus Christ and he is now able to enjoy eternal life in heaven. Please know that Dr. Daniel and all of you meant a lot to me. I love you all.*
