“ *I had Mrs. Rohde as my second grade teacher from 1959 to 1960. I didn't know her first name is Doris until now. My specific memory is of her teaching us cursive, and also of how old she was (although of course I am older now than she was then). My feelings about her are warm and affectionate ones. She was firm but kind, and I think the perfect personality for children of that age group. In the last couple of years or so I made acquaintance with her son Ray at a Rotary meeting and was happy to hear that she was still enjoying a long and happy life. She was the kind of person who deserved one. I am saddened by her passing and want to express my condolences to her family. I am confident, however, that her's was a life well lived and her purpose fulfilled. We can only hope the same for ourselves and those that we hold dear.*

“ *Mrs Rohde was my third grade teacher at Caswell in 1969-1970 and also a very good friend of my grandmother Helene Olson over the years. My grandmother was also a thrid grade teacher but in Modesto. I didn't realize Mrs. Rohde was still living otherwise I would have loved to visit her. I generally got all my information from my grandmother but she passed away 9 years ago at the age of 90. They don't make women like them anymore. My condolences to the family and I pray for peace and comfort.*

“ *Mrs. Rohde was my third grade teacher in 1956 at Caswell School. I remember her fondly because my family moved to Ceres during the school year and Mrs. Rohde made a scared little boy feel welcomed. I am pleased that she lived such a long life. My condolences to her family...*
