“ You were Papa Gary to my son Sean and he was your shadow when he was little for the 3 years that we were together.. You taught him to ride the dirt bike, getting dirty was ok and fish eyes was candy. Years later we had another chance for several years and you met my girls. You taught them how to ride four wheelers, picked them up from school and watch them for me till I got home, how to find the Easter Egg that BoiBoi hid the \$5 or \$10 dollars in.. You took them out to great the Ice cream man and bought their treats. Always had candy for them and was such a huge part of all 3 of my kids life along with mine. Those are precious memories that we will cherish.. We will miss you Gary... Timi, Sean, Kristy & Kourtney💕

“ You were my nephews crazy best friend and my my nieces first love. You lived on the next "country block" down the street from us. We rode the school bus together every day. You used to sit in the front of the bus behind the bus driver and roll your eyelids up and stare and make faces at us. You were with my nephew the day he put gasoline on the wic of the fire cracker he handed me stuck in one of the almonds and lit it....it blew up in my hand and scared the heck out of you and Jerry. I got the last laugh watching you both cry and listening to my mom chew you both out. These are the memories I have of you. Memories that still make me laugh when I think about them. I dont ever remember you not being a part of our family. You, Jerry, David and Roland. You were always a team. Now you are all together again. Thank you Gary for all the wonderful childhood memories you have given me. We should all smile when we think of our childhood and you my friend have made sure I always will. Peace be with you and all who know you and love you.
