“ *Dada Dede is the youngest sister of my father. She's kind, loving, generous woman and very understanding Auntie. We never stopped our communication ever since... From Tinaclaan, Clarin to Calamba to Dipolog to Cebu City until here in California USA. We never failed to communicate thru writing or thru phone. One thing that I like her most is her being so thoughtful to everyone. She's my usual caller and she always keep in her mind to call me two times a week. We never have a dull moment every time we talked over the phone... Da Dede now that you're gone I know that I will be missing you more. We never have a chance to be together again because of our different responsibilities. I know that you're now free from pains inside and out.. I will surely miss you. I love you Da Dede and May you have an Eternal Peace....*

 *"Those we love don't go away, they walk beside us everyday. Unseen, unheard, but always near; still loved, still missed and very dear."*

Tia Dede, we pray that may you now be lying in a deep and peaceful slumber in the loving hands of God. Your worldly cares and worries are now over. Rest assured that we will always love you and keep you in our memories forever, until we all meet again in the presence of Our Lord and Savior, Jesus Christ. Amen.

“ *Mama Dede is a woman that full of so much love to every people that surrounds her. She is a loving and forgiving person and always proud to be a mom, a grandma and a friend to whom she give more meaning to what she can give rather than what she received.. what matters to her the most is the happiness of her love ones.. She often forget about her own happiness just to make sure every one that is close to her hearts are completely satisfied.. A mother that doesnt look back for what we've done wrong but always have a strong faith that everything is going to be ok and and never stop of dreaming what she believes in...Ma, we are so very lucky to have you, we are not perfect as your son's and daughter but we also never give up in doing the right thing till the last time we say we love you! on your last breath.. Death is not the end but the beginning of a beautiful journey towards life everlasting. till we meet again Ma, we love you so very much and your beautiful heart will always remains alive in every step of our life.*
