“ *Our hearts are heavy with grief and heartache. You will be missed every day and on our minds forever. The memories will comfort us and the good times cherished. You leave behind a warm, loving, kindhearted daughter, who will carry those qualities that you instilled into her for the rest of our lives. Rest in peace.*

“ *Your battle is now over, no more tears, flowing down your cheek,*

No more pain, no more suffering, now you are no longer weak.

I still do not know why this had to happen to you, but I am proud that you are my dad.

When i needed you, all I ever had to do is call or show up on your door step, you were there to listen or give me advice, and you always left it up to me to take it if I didn't that was always ok too.

Now you are my Angel, so up in heaven stand tall and spread your wings out wide and please daddy when you see me cry wrap your wings around me tight, so I know that you are there.

Our time together was memorable, you were taken away from me to soon.

Until we meet again!!

I love you Daddy!

My special Angel in the Sky!
