“ Mr Singh, my fond memory of him as our school bus driver in Tovata , Fiji Islands , in the 80's for many years. He made sure we safely arrived in time to school and back home. He scolded us like a parent would , cared for his bus like his own child ., we didn't dare throw trash on it,, lol ..He was very strict but also had a nurturing side to him. We , as kids looked forward to his bus rides as he would stop the bus at various locations, so we could pick guavas and mangoes before reaching home . Rest in Peace Mr Singh. I know your “ sense of humor” , will be always smthng to talk about .
