“ *Janice was my mother's best friend. That's it. My mother and father earnestly loved her. When your parents friends are entrenched in your life from birth, it is only natural to think of them as your extended family. She will be missed forever. I watched my mother suffer while Janice was ill and I knew what heartbreak was. I'm so glad that she was a huge part of my life. She was wonderful.*

“ *my sympathies go out to Dallas, Kathy, Ronnie and their families. I hadn't been in touch with Janice for many years except for an occasional meeting at the grocery store...until I went to visit her at Paramount care home in Turlock about a month ago. Our children went to school together. Time, distance or death cannot erase the good memories of things we did together along with other young mothers in our group. May God's love carry you through this grieving process and may you find strength knowing those who care are with you in spirit if not in person.*
