“ First and foremost I would like to send my condolences and prayers to the family from me and my family., Javier aka George I will truly miss you my heart is so broken to hear you left here so soon you were so full of life. Javier has been my regular since my first day at the Valero 7 years ago he has been there to cheer me up through some major hard moments when I would be upset at work he always made me laugh or feel more positive about my day he was my buddy (family). His heart was so big every morning he came to the store he would bring the newspaper in from the box he said it was his job to do ...I loved seeing his bright face in the morning talking about his family with a joy face .. Lord you received such a beautiful soul the only thing that eases my soul when I think about all the mornings you won't start my day with laughter now is that you knew Jesus and you loved him. Our talks about Jesus and church I thank God you got to show up at our church at least once.you always said you would keep my family and me in prayers .You were my biggest supporter when I doubted myself. Crazy thing is how you blessed all of my employees and I at Valero just from your daily trips I can't imagine the joy that you brought everyone else around you. Valero will not be he same George (Javier). As I keep calling him George I will share with you for the first 4 years I knew him I thought his name was George cause my old coworker and he was a good sport never corrected me till I went to introduce Him to a new employee he said Tanya you know my name is really Javier right I laugh every time we talked about it . So yes at Valero he was my buddy George and my crew grew to love him as George. Rest easy Javier know you impacted a lot of people here God will be very pleased with you I will truly miss you 🥹

“ My brother was a great man. He left us because he knew that his wife the Love of his life, children and grandchildren as well as his son's in law were going to be fine. He had this beautiful way of love and compassion for everyone he knew and came across. He set these examples as you can see it in all his children. Though my brother is with mom and dad he looks at us saying I love you all. Thanks Tio for always making me fries when we got home from school then we sit and watch Gilligan's Island.
Love you brother Rachel Garcia Hinojo
