“ *Jeremy - I remember you mostly as a beautiful carefree little boy. You grew up to become a devoted daddy to another beautiful little boy...Someday he may be daddy to his own beautiful boy. My heart hurts that you were taken from this life, from him and from all of us. This Saturday I will be taking yet another beautiful little boy to see the ducks at the pond. He is my grandson and as he runs and laughs I will take my moment to remember....years ago, a beautiful carefree little boy and how very much I loved you.*
