

John Kent McGee Jr. M.D.

March 17, 1951 - December 4, 2018

A dedicated husband, father, grandfather and doctor. A person who dedicated his life to the helping and healing of others.

To heal and care for others is an act of selflessness and we, as a family, will always love and cherish our dad and his profession because of his devotion to others. He was a good husband, a good father and a good man all around.

We would like to honor our father and his remembrance as a joy and a celebratory mark in our lifetime - let his spirit and soul join the rest of the angels in heaven as they look down on us.

May he reach peace and freedom and continue on in the grace of God.

“ *I met John barely more than a year ago, through our shared hobby and interest in collecting precision spinning tops. I live in Tennessee and never had the privilege of meeting John, but I know from the friendship we established over the distance that he was a good and decent man. I only learned of his passing as the result of searching for information online I hoped not to discover, but am glad he has found peace rather than endure any prolonged suffering from the health problems which arose. My sincere condolences go out to all his family.*
