“ *This guy was one he'll of person. He slept with his wife's sister and abused his family. The government and the F.B.I. is after his younger son Rome Esmail. His older son just got arrested for stealing from Home Depot. There's a lot to say about this family. The United States government is looking for his old daughter and to question her Bella Esmail Moore about the 5 million dollars that was put into her name by her fugitive brother Rome Esmail.*
