“ Kaden you were always a great friend to me although I wasn't the greatest towards you. I often think about all those times where we would argue or fight, and I just wish we knew how precious life was at the time and to cherish the friendships we have while we can. I'm just glad you were able to give me the memories I have and I know I will see you again one day.

“ We will remember the trips we took, such fun times. The time to Carmel, when we took the dog and cat. You & Kylee in the back seat laughing about the animals in the front seat. You always had a smile. You will be missed.
