“ *Love this woman unconditionally and always will. She wasn't just a mom. She was my rock my best friend my partner in crime. She was everything. She was one amazing loving and caring person. I don't understand why her, I never imagined my life without her, im lost without my mom. She always had a smile on her face and that smile i will forever remember. She leaves me with so many beautiful memories.*

Im happy and proud of the person she always was. She was the best mom! The way she nurtured us, her love and affection towards her kids and grandchildren was so pure and beautiful. My mom Is the best thing that's ever happened to me. Thanks to her im the mom i am to my kids.

You don't know what you have till is gone.

My biggest regret is not spending enough time with my Reina 👑.

Love you mom ❤️ Tu eres y siempre seras la mejor Madre.

You'll forever be missed mom.
