I thought of Marian as Auntie Marian and as part of my family from a young age. Her niece was best friend (Leah Yohannan) since we were three years old. All my biological aunts and uncles lived out of state and I hardly knew them. Leah and her family including Marian, Alice, Lillian and Diane and all their family (too many to list here) became my family. I was included in family functions and events. I babysat for the family and even worked for them at several fair booths. Marian was a compassionate, loving, caring person and the world was better with her in it. Even though over the years I lost touch with the family I still think of her and her family as my own. I know she is in a better place and hope to meet up with her again some day in that better place. I pray for her husband (Uncle Al) and her family to give them strength to deal with the loss of such a special person. I wish I could attend the services but have a husband who is high risk for the current virus and we can't leave the house. Uncle Al and the entire family will be in my thoughts. God bless Marian and thanks for all your love and kindness through the years. All my Love. Kim Unruh (Mercer)
