

Mark Morrison

February 12, 1959 - August 13, 2024

It is with heavy hearts we announce the passing of our friend and beloved husband and brother, Mark Alan Morrison. He was well loved by all those whose lives he touched.

Born in San Francisco in 1959 and lived there until he moved to Turlock and graduated from Turlock High in 1977. He attended Modesto Junior College and was active in the Stanislaus County Sheriffs Explorer program, becoming a deputy and CO. His love for farming took him to work with his father in the almond orchards. Mark was happily employed with Swanson Farms for the past decade.

His love for the outdoors was not just a part of his profession but also a significant aspect of his personal life. Mark was an adventurous spirit, known for his quick wit and passion for fishing, 4-wheeling, hot rods, gold mining, and Jeeping. His adventurous nature also made him an avid collector and a treasure hunter, always on the lookout for the next great find. His children were his pets, Sassy and Teela which he adored.

He was preceded in death by his parents, Jerry and Marilyn Morrison; and sister, Tami Agresti. He is survived by his wife, Melinda Pascual; stepson, Anthony (Letitia) Dominguez; grandchildren, Savanah and Anthony Jr. Dominguez; his sister, Angela Newman and four nieces.

Mark was laid to rest at Turlock Memorial Park. In lieu of flowers, donations are appreciated to the SPCA rescue program. Though he may be gone his spirit will continue to shine in the memories we all hold dear.

“ I want to take this opportunity to thank all of those friends and loved ones who spoke at his graveside service and who attended his Celebration of Life on Saturday. He is already dearly missed.

He will be remembered for how much of a hard worker and what a sincere help he was in every situation asked of him. As my big brother, he saved me frequently including all those times we frantically searched for missing keys, failed car trouble, many moves, and he would stop everything and take care of whatever crisis was at hand. His generosity was amazing as he shared and treated those close to him frequently.

I will miss his reassuring presence as we dealt together with the loss of my father and our delightful crazy sister, Tami too soon. He would always recall special times we all shared and we laughed a lot.

Whenever we mourned he would say "stop being sad - we still have money to spend" and that would break us out of it. His sense of humor and wit will always be remembered. You just never knew what he was going to say!

You made your mark on our hearts and we are the better for it.
Godspeed

“ Hey Mark you don't know how much I appreciated you. You did so much for and always had a lending hand. It was great be able to take you to black oak, before you passed. Melinda misses you like crazy. At least you're not suffering anymore. Love ya brother. Thank you brother for all the wonderful memories.
