“ I knew Mikey since I was about 6, he was best friends with my older brother James, needless to say I looked up to him Tremendously. I would always try to tag along with them. Mikey always treated me with respect.

And I remember several fights He had gotten in. He never lost one as far as I know, He was a man of his word and he always took actions without thinking about the repercussions. I can say I have lots of love for him and I wish I could see him again. He had a tremendous impact on my life and will be deeply missed

“ Miguel was my dad , he was my favorite superhero if you knew him you knew he can do anything or get through anything , he has always had a heart of gold a hard head but a good heart. He was was the best dad to us kids made sure we have the childhood we deserve, he was also so fun to be around just to hang out make you laugh anything , if you ever need anyone my dad would be there an that don't just go for kids that's for anyone he loved or cared about . One of my favorite memories that pop in my head is when my dad drop me off at the middle school in hilmar an he was trying to get me to give him a kiss on the cheek first an I was so embarrassed all my friend were there so they he got out the car an open the door an gave me kiss on the check ❤️👉, My dad also was my only support when I got pregnant at 15 the only person who didn't judge me or put me down was him he said “my baby's having a baby” but he was so excited, the night I happen to go in to labor I walked in the hospital an my dad was sitting there already , he was in there my whole labor till the hospital made him leave he came back an stayed the night with us at the hospital, the way my dad loved my daughter was amazing the light is he's eyes she brought him , he'll call me an day where's my baby at ? , I love you dad don't forget about us 🤍
