“ *It's hard to believe that Nancy & I have been friends for 38 years. Even though we lived on opposite sides of the country, we remained close. Even through the hard times, she always had a positive attitude. She just rolled with whatever was going on at the time. I am not sure I could have done the same. May she Rest In Peace. I will miss her.*

“ *Nancy was one of the kindest and loving people I know. This is just so sad!
Nancy was strong and had gracefully and stoically handled more than one person should have to in one lifetime.
At work, she was the steady hand that kept a ship going straight in very turbulent times.
She loved her children and devoted herself to them.
Rest In Peace*

*I have known Nancy for over ten plus years. We worked together side by side at St.Rose hospital and also at Lucille Packard Children's Hospital . Above all at James Logan High were our kids educated and participated in school's Forensic. Program. She was very calm person doesn't matter how difficult the situation was. She has taught me how to be calm and collective no matter what the situation was. There was a smile on her face all the time. Nancy you will be sadly missed.
