“ *Dear Betty, and Family, sorry its taken me so long to send my conolences. Everything has happened so fast, I never have been a person to deal with death very well and all at once is more then I can handle. Since the first time we met you and Bob you made us feel so welcome and I always will have a soft spot for Bob I felt some how we were related he always made me laugh I love a person whom is so very honest and he was. If it is any comfort at least we know they are together I truley pray that god will give us the strength to get through this. I will be here if you need a friend and we can lean on each other, with deepest sympathy and lots of love, julie perry and family*
