“ *It was unfortunate the people that shared Sheilas life were not allowed to attend service or mentioned in obituary. No one should be that selfish they cannot accept the people that loved and supported their loved one and whom she called family.*

“ *I am so sorry to hear that Sheila has passed. You are in my thoughts and prayers daily. She and I were close friends growing up across the street from each other. Then as young adults going to concerts, playing poker with the guys, and having children. In fact, she and Donald stood up for me and my ex when we got married. My Mom actually introduced Sheila's parents as teens, they hit it off, and the rest is history. Love you all!*

“ So many memories of you that span our lifetime together. You were a beautiful little girl with BIG brown eyes and pretty blonde hair. Your sense of humor could keep us laughing for hours on end . I love all those prank calls you used to do to me(most of the time I knew it was you) ,but must admit you got me on quit a few. I love our story of our big white floppy hat , singing to each other and playing practical jokes on our family together . We were more then just cousins your were and will always be one of the best friends I'll ever have. I know I told you that I loved you every time we saw each other ,text or talked over the phone , but I don't think I ever thought to say thank you for making my life with you in it so much fun. I will miss you greatly, May God help our family .

Love you ,Thank you,
Jodi
