“ *Toran was a wonderful person with whom to work or share a break. She had an elegance that one did not expect to see in a laboratory. She was generous and caring. I will always remember her fondly. Condolences to all her friends and family.*

“ *I am so sorry to hear of your loss, Iran. I remember you and Toran fondly and have thought of you often. You were both such excellent coworkers and lovely people around whom to work. And of course who could forget your baklava and bulgar soup. My deepest sympathy to you and your family in this time of loss, but know that Toran is no longer suffering or in pain, but has been welcomed to her heavenly home.*
