“ *I'm sorry to read of Mr. Spoto's passing. He was a kind and tolerant man...even to me...who was dating his daughter ...a million years ago.*

“ *Vince, thanks for being my friend, and thanks for including me in who and what you are. It is rare to find a friend these days as genuine as you, add to the fact that we only knew each other on-line makes it that much more amazing. I will continue to pray for your girls and for your grandbabies, they were so blessed to have a grandpa in their life that cared so much about them. God bless you all in dealing with your sudden loss. Thank you for sharing your father/grandfather, he was a good man, and I am proud to have known him.*

“ Our sympathies to your whole family. Vince was a nice man and fun to talk to. We enjoyed meeting him last year when he came here to NY and went to the Yankee game with me. A true gentleman, we will miss him. Robert and Maria Wuster.

“ My deepest sympathies goes out to your family. I pray that you will have strength and that your love in your family will carry you all through. Know that your Father/Grandfather was kind and caring person to others and I had a deep respect for him. I cried for days knowing he had left this life... On January 13 he sent me and a few others an email about sending flowers before I'm gone and not to my funeral. I had not had access to the computer so I did not get the email until Jan 19th. I will miss him much. Thank you for sharing him with us.
