“ *I became acquainted with Vivian through the Friends of the Turlock Library, particularly during our book sorting and yearly book sale. She was exceptionally helpful, always with her welcoming smile. We will miss her. Please accept my sympathy.*

“ *I was unaware that Vivian Manha had died until today, almost a month later, when I came across her obituary while looking up details about the funeral of another person. I was sad to read of her passing. Suddenly many memories have been stirred in my mind. When I was probably about 19 years old with a young baby and receiving Aid for Dependent Children, I obtained on-the-job training through the CETA program and was lucky enough to land a position in the MJC Curriculum Dept. with Vivian Manha as my boss. I learned a lot from her, much of which I still use to this day. I know I am just one of many, many people whose young lives she had an impact on in one capacity or another over the years. I'm sorry I missed the opportunity to pay my respects at her services. Rest in peace, Ms. Manha.*

“ *New Miss Manha through my family and school. Grad THS & St Joseph College of Nsg. Grad MJC 1977 while working as RN. Cap, gown and regalia. When Miss Manha handed me my diploma she whispered, who would have thought you could do it. Words I still remember. She always encouraged me. My thoughts and prayers are with the family.*

“ *What a great roll model for how to enjoy life. Always a smile. Always a hands on person, at a committee meeting or Halloween Party for the Westside, she enjoyed herself and made everyone happier around her.*
The Salvation Army is a better place because of her work with it.

“ Vivian Manha was my math teacher at Escalon High School in the early 1950's. She was an exceptional teacher who challenged us to high aspirations. When it came time for me to consider college, she said: I think you should consider Stanford. I am sure you will be accepted." I had never seen the campus, but had faith in her recommendation. So I applied, was accepted, and saw the campus for the first time on the first day of classes in 1951. Four years later I graduated with a degree in economics, forever grateful for the advice given to me by Vivian.

Over the past decade or so, a few of my Escalon High classmates and I took Vivian to lunch several times. I know we all felt a great sense of appreciation for her friendship and interest in our lives. It was during these informal visits that I learned of the breadth of her interests and contributions to the various communities and organizations in which she served. I am sure that I am but one of thousands whose lives were inspired by such a great teacher. I will greatly miss her, but extend my sincere sympathies to her family.

“ To Vivian's extended Family,
We were shocked to hear of the untimely passing of a long time friend who we have known forever. Vivian's family were good friends of my parents & grandparents. Vivian was Dean of Girls when I was at Turlock High. We just saw her when she attended our 50th class reunion breakfast and she was as perky as ever.
With our deepest Sympathy,
God bless you Vivian and may you rest in peace.
Lots of hugs, Mary and Ed

“ *What a wonderful lady to know when I was at THS. She was kind in all aspects, but knew how to get you on the right track really quickly. She came to all of all of our class reunions until our last one in 2008, but sent her regrets. I am so proud of having her in my life when I was in high school Louisa Martin Allen Class of 1958*
