“ *Alan & I were so saddened to hear of your loss. Pat was a good man, these days that is a high compliment. Pat and his crew built our home here in Turlock 32 years ago and we still love everything about it. Pat was the best and always willing to please us, which he did.*

*May smiles and warmth in your hearts come with sweet memories of your life spent with Pat.*

“ I’ve meet Pat over a year ago and we immediately connected. As we started building our house our friendship grew more and more, I remember having conversations just about anything, he will share his experience and knowledge and always have patience for it, definitely an individual to look up to. Even after finishing the house he would stop by to say hi and conversation will lead on for a few hours sometimes. My family and I are honored to have met asuch a great person; he will always be missed. I’m adding a picture he sent me in July while on his vacation, telling me he was having such “lousy” time hahah always telling sarcastic jokes lol. He will always be remembered by my family and I, Uncle Pat the builder, who built our dream home!
