“ *I am sorry to hear of the passing of your mother. I still remember the delicious Japanese dinner your Mom fixed for us and the wonderful time we had learning how to play the piano afterwards. I can still remember the tune - the only one I know - and I have taught my children and grandchildren how to play it. May your cherished memories see you through this sad time. My prayers are with you.*

“ *To Janis and her family,  
I remember when our children were in preschool together and how wonderful you were to your parents and how much you did for them, they both were lucky to have you for a daughter. I am so sorry to hear about your loss. I know you will miss her terribly. I'll be thinking of you and your family and wish you strength and peace. Linda Freitas*
